### Position/ Job Title: Civil Engineer

We are seeking a talented Civil Engineer to join our team and contribute to the success of our ongoing and upcoming infrastructure projects. If you are a driven individual with a passion for engineering and a desire to make an impact, we invite you to apply for this exciting opportunity!

#### Key Responsibilities:

- Design, plan, and oversee construction projects including roads, bridges, and drainage systems.
- Conduct site assessments and surveys to determine project requirements.
- Create engineering drawings and technical specifications.
- Ensure that designs meet safety, quality, and regulatory standards.
- Collaborate with architects, contractors, and other professionals to coordinate project execution.
- Perform calculations and simulations to evaluate the structural integrity and feasibility of designs.

#### Key Requirements:

- Education: Bachelor's degree in civil engineering or a related field (master's preferred).
- Valid CSCS Card (Required)
- Strong understanding of engineering principles, software design (e.g., AutoCAD, Civil 3D), and construction processes.
- Familiarity with building codes, safety standards, and regulatory requirements.
- Excellent problem-solving, analytical, and organizational skills.
- Strong communication and teamwork abilities.
- Ability to manage multiple projects and meet deadlines.
